

**XI. VOLUME 55 MANUSCRIPT GUIDELINES.**

Manuscript guidelines for the *Annual Wheat Newsletter*, volume 55. The required format for Volume 55 of the *Annual Wheat Newsletter* will be similar to previous editions edited from Kansas State University.

**CONTRIBUTIONS MAY INCLUDE:**

- Current activities on your projects.
- New cultivars and germ plasm released.
- Special reports of particular interest, new ideas, etc., normally not acceptable for scientific journals.
- A list of recent publications.
- News: new positions, advancements, retirements, necrology.
- Wheat stocks; lines for distribution, special equipment, computer software, breeding procedures, techniques, etc.

**FORMATTING & SUBMITTING MANUSCRIPTS:**

Follow the format in volume 44–54 of the *Newsletter* in coordinating and preparing your contribution, particularly for state, station, contributor names, and headings. Limited editing is done. Use Microsoft Word™ or send an RTF file that can be converted. Use Times 12 CPI and 1.0" (2.5 cm) margins. DO NOT use the table or column setting functions, create tables with tabs and spaces. Double space the text of your contribution if you must use a typewriter.

All text will be entered in computer files; therefore, please submit manuscript in any of the above formats. Mail hard copy to W. John Raupp, Department of Plant Pathology, Throckmorton Hall, Kansas State University, Manhattan KS 66506-5502, or submit by E-mail to [jraupp@ksu.edu](mailto:jraupp@ksu.edu).

**DISTRIBUTION:**

The primary method of distribution of Volume 55 will be CD-ROM in HTML format. These files can be read with any internet browser. A hard copy will be sent only if requested by 1 April, 2009, and will cost \$40.

The *Annual Wheat Newsletter* will continue to be available (Vol. 37–55) through the Internet on GrainGenes, the USDA–ARS Wheat Database at <http://wheat.pw.usda.gov/ggpages/awn/> and Internet gopher access at <http://wheat.pw.usda.gov/ggpages/awn/>.

**COST:**

The cost of publishing the *Annual Wheat Newsletter* is financed by voluntary contributions from individuals, commercial companies, international programs, and organizations with a direct or indirect interest in wheat. Funds on hand and contributions have been insufficient to pay for hard copies.

In the interest of remaining solvent, the NWIC has approved future distribution primarily by computer diskette. We are asking that you renew your contribution or, if you have not contributed in the past, to join the list of contributors. Contributions from individuals in the range of \$25 to \$50 play a significant role in financing the *Newsletter*. An increase in the number of individual contributors is very important and, with continued support, we hope to meet our financial obligations in 2008. The address for contributions is Dr. Brett Carver, Department of Agronomy, Oklahoma State University, Stillwater, OK 74078, U.S.A.
